**PINARAYI VIJAYAN**  
CHIEF MINISTER, KERALA

Access to information is crucial for the effective functioning of a democracy. Amidst the COVID-19 pandemic, it is all the more important that accurate and reliable information is made available to the public. To ensure the same, it is imperative that official contacts points pertaining to the

Government and its various arms can be accessed through a single source. It will not only help in ensuring that people can be readily updated about various Government initiatives, but also enable officials to be updated in real time about the issues faced by the people.

In this regard, the media can play a very meaningful role. It is in these circumstances that the Media Handbook assumes greater significance. The Media Handbook prepared by the Information & Public Relations Department is a very useful tool in the course of governance and crisis management. Contact details of ministers and officials have been updated in this edition. It will help the media to get in touch with Government officials and other media personnel as well. The Media Handbook serves as a dependable source of information for the general public as well, to connect with the Government and media. In the digital era that we are in, it is imperative that such information is available in digital spaces too, instead of being confined to merely physical prints. It will make the sharing of such information more seamless as well.

Media is regarded as the fourth estate of democracy. The role of the media is significant in fostering an inclusive democratic culture. I hope this Media Handbook will enable the media to perform their duties in an authentic manner.

My best wishes.

**S.HARIKISHORE IAS**  
Director, I&PRD, KERALA

We are in an era of information revolution where media has become the paramount measure in every sectors of governance. In a state like Kerala, with a higher percentage of cyber proficiency and media indulgence, it is important to utilize these advancements

to augment administration. PRD media handbook had proven to be the bridge in between government and public for the last two decades. We took maximum effort to update the details of the new cabinet and changes in the state authority. In addition, PRD media hand book application has also been serving this purpose since 2018. During this era of a global pandemic the execution wing was more efficient by these guidelines. When the disastrous epidemic hit our state, the PRD app was the associating factor between the public and authorities.

We hereby present the media handbook 2021 to all the governmental, non governmental officials and to the media and public.

I wish a prosperous and joyful year ahead.
