Clean Kerala Company Limited (CKCL) invites applications for **WALK-IN-INTERVIEW** from qualified and experienced professionals for the following position to support the strengthening of sustainable waste management systems across Kerala.

SENIOR MANAGER (Operations)

Vacancy : 1
Location : Thiruvananthapuram
(Travel across Districts in Kerala may be required)
Mode of Appointment : Contract (Initially for 1 year, extendable based on performance)

Key Responsibilities :

- Supervise and coordinate district-level operations and programme implementation
- Monitor operational efficiency, logistics performance, and cost per kg of waste handled
- Track margins, cost structures, and revenue realisation across districts
- Identify loss-making activities and recommend corrective measures
- Review new projects, pilot initiatives, and value-addition programmes for operational and financial viability
- Ensure implementation of Government and Board-approved policies
- Provide operational and financial performance analysis to management

Qualification:

Bachelor's Degree in Engineering / Management / Science / Commerce / Social Science from a recognised university.

Desirable : Postgraduate qualification in Management / Public Administration / Engineering.

Experience : (Only full time paid employment will be considered as work experience)

- At least 5 years in a senior supervisory or managerial role.
- At least 5 years' experience in solid waste management or plastic waste management systems will be an added advantage.
- Experience with PSU/Government projects and preparation of management reports or Board notes is desirable.

Age Limit : Maximum **50 years** as on the last date of application.

Remuneration : ₹ 50,000/- per month (consolidated).
Higher remuneration may be considered for exceptionally qualified candidates.
